Dividend Declaration and Net Asset Valuation

The Board of the Company is pleased to announce a first interim dividend of 1.40 pence per ordinary share, in respect of the financial period 1 July 2014 to 30 September 2014. The first interim dividend will be paid on 5 December 2014 to shareholders on the register as at 7 November 2014. The dividend will be paid as a REIT property income distribution in respect of the Group's tax exempt property rental business.

As at close of business on 30 September 2014, the un-audited EPRA net asset value per ordinary share of the Company was 105.72 pence. The EPRA net asset value includes income for the period (and does not include a provision for an accrued dividend for the quarter to 30 September 2014).

As at 30 September 2014, the valuation of the Company's portfolio was £154.8 million.

To manage adverse effects of interest rate movements on cash flow and dividends, the Company has hedged its interest rate exposure into fixed rate exposure through an interest rate swap pursuant to which its lender has fixed the LIBOR element of the interest rate payable on half of the Group's debt facility at 1.44%. Accordingly, taking into account the un-audited fair value mark-to-market valuation of this financial derivative instrument based on current gilt rates, the EPRA net asset value adjusted to reflect the cost of fixed rate debt is 105.66 pence per ordinary share.
