**About GCP Student**

The Company was the first student accommodation REIT in the UK, investing in modern, purpose-built, private student residential accommodation and teaching facilities. Its investments are located primarily in and around London where the Investment Manager believes the Company is likely to benefit from supply and demand imbalances for student residential accommodation.

GCP Student's property portfolio comprises ten assets with c.3,600 beds, including one asset which is expected to complete construction for the 2019/20 academic year. At 30 September 2018, its property portfolio was valued at £816.8 million.

The Company's standing properties are predominantly occupied by international students and offer high specification facilities and hotel-level concierge type services which the Investment Manager believes are attractive to overseas students.
