Investor Report at 31 December 2022

2 February 2023

GCP Infra is pleased to announce the publication of its investor report, which is available at www.gcpinfra.com.

The net asset value at 31 December 2022 was, as previously announced, 113.59 pence per ordinary share.

At 31 December 2022:

- The Company was exposed to a diversified and partially inflation protected portfolio of 48 investments with an unaudited valuation of £1.1 billion;
- The portfolio had a weight-adjusted average annualised yield of 7.9%, principal outstanding of £1.0 billion and an average life of ten years.

In the quarter to 31 December 2022, the Company made five investments totalling £54.6 million. This included £46.4 million advanced to support the prepayment of third party debt secured against a portfolio of solar assets and a portfolio of renewable and PPP assets, a further £7.2 million advanced to flexible generation and storage projects and further advances of £1.0 million across two portfolios of anaerobic digestion plants.

Notes to the Editor

About GCP Infra

GCP Infra is a closed-ended investment company and FTSE-250 constituent whose shares are traded on the main market of the London Stock Exchange. Its objective is to provide shareholders with regular, sustained, long-term distributions and to preserve capital over the long term by generating exposure to UK infrastructure debt and related and/or similar assets.

The Company primarily targets investments in infrastructure projects with long term, public sector-backed, availability-based revenues. Where possible, investments are structured to benefit from partial inflation protection. GCP Infra is advised by Gravis Capital Management Limited.

GCP Infra has been awarded with the London Stock Exchange's Green Economy Mark in recognition of its contribution to positive environmental outcomes.
