Quarterly investor update

13 November 2024

GCP Infra is pleased to announce the publication of its investor report, which is available at www.gcpinfra.com.

At 30 September 2024:

- The net asset value was, as previously announced, 105.22 pence per ordinary share;
- The Company was exposed to a diversified and partially inflation protected portfolio of 50 investments with an unaudited valuation of £1.0 billion; and
- The portfolio had a weight-adjusted average annualised yield of 7.8%, principal outstanding of £1.0 billion and an average life of 11 years.

In December 2023, the Company announced its intention to recycle £150 million of assets as part of a capital allocation programme (the "Programme"). To date, the Company has announced c. £31 million of realisations. The proceeds of the Programme are intended to: (i) repay the Company's borrowings; and (ii) return a minimum of £50 million to shareholders.

The Company is in active due diligence and negotiations on disposals of material components of its investment portfolio and does not wish to risk such processes through publication of further detail on the constituent movements in the NAV since 30 June 2024. Further attribution of the NAV movements will be published as part of the Company's forthcoming annual report and accounts, due to be published in December.

During the quarter there was a net repayment of the Company's revolving credit facility, and at 30 September 2024, the Company had £57 million (30 June 2024: £65 million) outstanding, representing a net debt position of c. £45 million (30 June 2024: c. £51 million).
